Document 006

By: 013

1. Prior to January 1951, a Soviet military detachment of 30 to 50 young soldiers, armed only with rifles, was quartered in a brick building in Krosniewice (Q 53/0 79). A Soviet detachment had been quartered there as early as in 1948. Drilling was the only activity observed. *
2. Poles of draft age from Krosniewice were summoned to report to the recruiting office in Kutno (Q 53/ 0 89), for active service.
3. Prior to January 1951, the only barracks installation in Leczyca (Q 53/0 77) housed a Polish commercial school. No activities were noticed which would indicate any other use of the installation. The installation was located on the western edge of the town, on the south side of ul. Generala Sikorskiego leading to Poddebice (Q 52/0 55). It consisted of one four-story barracks building facing the street, one building for officers and several other buildings. **
4. The MO (Militia) county headquarters was located on the south side of Plac Kosciuszki. It was subordinate to the MO headquarters for the Wojvode district of Lodz (Q 52/0 93) on ul. Kosciuszki. The UB (Security Police) county headquarters was located 200 to 300 meters north of Plac Kosciuszki. Draftees in Leczyca were processed by the military recruiting office in Kutno.
5. Neither Polish nor Soviet troops were stationed in Ozorkow (Q 52/0 86) prior to early 1951.

25X1A * [REDACTED] Comment. Probably a Soviet signal-communications detachment for the maintenance of the Soviet telephone lines. See [REDACTED].

25X1A ** [REDACTED], this installation was vacant in July 1951 after having been used for various civilian purposes. See [REDACTED].
